

SHAHMEER BOKHARI

AUTOMOTIVE ENGINEER

About Me

I am an enthusiastic and skilled Automotive Engineering graduate with a robust understanding of automotive parts and vehicle mechanics. With a Bachelor of Science in Automotive Engineering from Punjab Tianjin University of Technology, I combine academic knowledge with practical skills honed through one year of hands-on experience in a local workshop. Known for my keen interest and natural aptitude for mechanical work, I am proficient in conversational English and adept at working collaboratively in team settings.

Experience

WORKSHOP ASSISTANT

- Assisted in the maintenance and repair of various automotive systems and parts.
- Diagnosed mechanical issues and performed necessary repairs under the supervision of senior mechanics.
- Ensured the workshop maintained high standards of safety and cleanliness.
- Gained practical experience in the use of automotive tools and diagnostic equipment.
